RATES OF ADVERTISING. Newspaper proprietors generally, and especially of this sity, under the usages and regulations heretofore preva\_ing are called upon to perform more labor without remuneration, than any other class of community. The gratuitous publication of charity and religious advertisement, and communications, tributes of respect, oblituaries, &c., &c., which can only be inserted at a heavy cost to the proprietor, imposes upon them a burden so onorous, that they feel called upon, in self-defence, to check the abuse, by making such apon, in self-ceience, to check the abuse, by making such publications a charge, to some extent at least, upon the parties more mmediately interested. In this they are but following the example of the press in other cities, impelled by a sense of its intrinsic propriety, and imperative duty to themselves. The subscribers have, therefore, united together in a mutual agreement, upon the to lowing specified terms or the publication of these as well as every sort of regular business advertising.

ECONOMY AND COMFORT. DR. C. W. CROZIER'S Camphor Wash Mixture, Patented July 11, 1854, and which received the Premium at the Nachville Fair in October last. Warranted to contain nothing in

the least injurious to Clothes; also a Great Pain Killer.

The undersigned, having repeatedly been solicited to make consignments of the Patcht Camphor Wash Mixture, has concluded to sell no more county rights in this State, but will in future have the Improved Camphor Wash Mixture put up and distributed throughout this State (except in the counties where the rights have been disposed of and in the State of Alabama. And that he may be enabled more effectually to make this arrangement, he proposes to divide the patent for Tennessee and Alabama into 1,000 shares, one-fourth to be retained, and the remainder—750 shares-will be offered for sale. A person remitting ten dollars will have one share in the Patent, to run fourteen years from July 11, 1854, and will be at the same time in vesting also five dollars to be used in the purchase of the ingredients, advertising and the necessary expenditure of the means to prepare and distribute the Mixture for sale.— Consignments will be made to shareholders, (who may request it.) and to no other persons, to the amount of their remittance. And they will be allowed a commission of 88 per cent on their sales, and also their proportion of the profits at large.

Annual exhibit of sales will be made, and dividends of the profits remitted to each shareholder. No debts will be con-

tracted, nor will the Company be responsible for any, as the business will be conducted upon the cash system.

Any of those who have purchased patents for counties in this State, can have the privilege of exchanging their rights for share at the prices they have paid. This exchange will be made at the cost of the Patentee. It is desirable to have at least one or more active shareholders in each county in the States named. Subscriptions for shares will be closed by the 1st September next. And onsignments of the Mixture will be made very soon thereafter. Certificates issued to shareholders, who will request after. Certificates issued to shareholders, who will request the Agency, if they desire it.

The undersigned will act Agent until the shareholders elect three directors to serve one year, who will have the management until their successors shall be elected.

Newspapers in Mobile, Montgomery, Tuscalocea, Huntsville, Talladega and Tuscumbia, that will publish this twice and other advertisements to the amount of ten dollars, and send one copy, will receive one share. Address,

These celebrated Spectacles are made of Brazilian Sand and known under the name of Brazilian Pebbles, and con-structed in accordance with the philosophy of nature, in the peculiar form of a concave-convex mirror, admirably adapted to the organ of sight, and can be used by the old and the young to pursue the most minute employment, ci-their by day or car die light, with perfect case, and never cause that giddiness of the head or unpleasant sensation to the eyes that many experience from using the common kind, but lend to strengthen and improve the sight, as will be seen by the following testimonials from those using them.

TESTIMONIALS.

From J. H. McMahon, Esq., Editor Memphis Bulletin, Memeris, March 24th, 1855. Ma. J. H. SEMMONS-Sir : The use I have made of the pair of Glasses obtained from you, satisfies me of the utility and value of the form and material by which they are distinguished. Without magnifying the object beyond the size apparent to the atural vision, they render it distinct and clear without fatigue to the eye. So far as my limited experience extends, I am very much

eased with them.

Very respectfully your ob't serv't,

J. H. McMAHON. world. The continuous use of them for any number of hours does not fatigue the eves in the least, and the vision of age

Seas, Rivers, or Inland Transportation, on the most favoradoes not fatigue the eyes in the least, and the vision of age is rendered by them in all respects like that of youth.

Mayrus, March 14th, 1855. Mr. J. H. SEMMONS-Dear Sir: I have carefully examined your Brazilian Pebble Spectacles, and most cheerfully add my testimony to their superiority over any other lenses I ALEXANDER FALL, Besides the philosop) y of this form, shape, &c., the remarkable transparency and hardness of the material ren der them peculiarly adapted to the purposes of assisting

impaired vision, which, unlike other Spectacles, do so with-out fatiguing the eye by their use. I can, my dear sir, cordially recommend your Brazilian Pebbles to my friends as especially worthy of their confi-dence, and feel assured that a trial will in every case give atisfaction. I am, my dear sir, truly yours, &c.
A. K. TAYLOR, M. D., Prof. Anat. Memphis Med. College.

I have examined and used myself Mr. J. H. Semmon Brazilian Pebble Spectacles, and fully concur in the opinion expressed above by Prof. A. K. Taylor, as to their superiority, both in form and material, over the ordinary glasses, and recommend them to all persons requiring the use of Spectacles.

Prof. Obst. Memphis Med. College, From the Hon, David Dale Owen, U. S. Geologist.

NEW HARMONY, March 28, 1854. Mr. J. H. SEMMONS: Sir; - Having examined your Spectacles constructed of concavo convex Braziliao Pebbles, take pleasure in testifying to their advantages over the ordinary glass spectacles. Their superior hardness prevents them being deficted by scratches; the peculiar manner in which they are ground and polished, together with their transparency, obviate the strain usually experienced in wearing glasses, and their coolness especially, recommends them to hose having weak, irritable eyes.

NASHVILLE, July 26, 1855. Ma. J. H. Semmons—Sir: I have been using for one week the pair of Brazilian Spectacles that I purchased from you, and I do not besitate to say that they are by far the best that I have ever used. I am enabled to read the finest print at night by a dim light, without straining my eyes, whereas the spectacles that I have used heretofore, burt them, and I could not read with any satisfaction. I consider your spectacles a great improvement upon any that I have ever seen. Yours, respectfully, G. M. FOGG.

From Egbert A. Rawerth, Esq., City Recorder. Mr. J. H. SEMMONS-Sir: After ten days' constant use of he Spectagles obtained from you, I feel guarantied in testifying to their efficiency in restoring or relieving impaired vision. Previous to obtaining them my manuscript duties were performed with much labor to the eye, and often with pain; but since I have used your Brazilian Pebbles I have ated. Whether the relief proceed from the seculiar form of the glasses or the material, or both combined, I cannot say. I prefer them to any glasses I have over used, and take asure in recommending them to the public.

Respectfully, EGBERT A. RAWORTH.

From the Rev. Dr. J. T. Edgar. Mr. Szamons—Dear Sir: Having used, for some time past, a pair of your newly invented "Brazilian Pebble Spectacles," I feel no hesitation in testifying to their superiority over any glasses heretofore known to me. In addition to their unequalled purity of surface, they impart, from their pecu- by liar mechanism, a visual case and comfort, preserving alike all sense of pain or uneasiness to the eye, however long at any one time they may be used.

Very respectfully your friend, J. T. EDGAR. From Hon. Cave Johnson, President Bank of Tennessee. Nashville, Aug. 12, 1805.
Dean Siz: I have for several weeks used a pair of your Brazilian Pebble Spectacles and bave no hesitation in stating that I consider them much superior to any other ever used by me, and have taken pleasure in recommending the use of them to my friends in preference to any others.

Respectfully, your obedient servant, C. JOHNSON. Union and American Oppice, Nashville, Aug. 18, 1855. I have been using glasses for some four or five years, and during that time I have tried a number of different descrip-tion and manufacture, some of which I thought very good; but a few days since I obtained a pair of Mr. Semmons' Braziiian Pebble Spectacles, have given them a presty fair trist and have no lesitation in saying that they are far superior to any thing that I have ever tried in that iin

Glasses that I purchased of you about two weeks since, have about twenty five years of age; of dark complexion; had proved fully equal to all you said respecting their good with them a new suit of clothes, made of green casinett,

MR. Framons: After having used a pair of your "Bra-silian Pebble Spectacles," I have no hesitancy in stating, my24-tf and take pleasure in so doing, that they are superior to any 1 have ever used. Respectfully, &c., W. H. HAGANS.

From A. W. Hunt, M. D. VERMON, Aug. 6, 1855.

From Rev. John W. Ogden. Mr. J. H. SEMMONS: Dear Sir:—I have used a pair of your Improved Spectacles, for about two weeks, and find them July, so that three disinterested merchanis of Nashville can superior to any I have ever tried, and I have recommended make the awards. The largest amount being entitled to several of my friends to call and try them, and they are much pleased with them. I never felt tired while reading or writing with them for hours together.
